Re.: Letter of reference

Dear Mrs. Zapletalová,

Starbucks and ISIC started cooperation in the Czech Republic in September 2013.

I can confirm that our joint marketing initiatives, ISIC communication channels have had a positive impact on building penetration among students.

Joining the ISIC benefit program, Starbucks created a „student's added value“ offer which was rated as their favourite many times.

We look forward to continue mutually profitable business and cooperation in coming years.

With Kind Regards,

Vojtěch Krňoul
Starbucks Marketing Specialist
